

## **Flomox® Fine Granules for children oral cephem antibiotic agent Launched in China**

**OSAKA, Japan, August 29, 2023** - Shionogi & Co., Ltd. (Head Office: Osaka, Japan; Chief Executive Officer: Isao Teshirogi, Ph.D.; hereafter "Shionogi") today announced that Flomox® Fine Granules for children (hereafter "this drug") launched in China through our partner, Beijing Huawei Pharmaceutical Co. LTD (Head Office: Beijing, People's Republic of China; Chairman: Guan Qingwei). This drug was listed on the National Reimbursement Drug List (NRDL) in January of this year.

In China, where sales have been launched this time, there are limited options for pediatric infectious disease treatment drugs, and this drug is expected to contribute as a new treatment option for pediatric infectious diseases.

Shionogi is committed to the principle "Protecting people worldwide from the threat of infectious diseases" as our key focus, and is working on the realization of total care for infectious diseases. Shionogi will continue to promote activities so that we can quickly deliver the anti-infective drugs necessary to protect people's health to patients around the world.

### **About Beijing Huawei Pharmaceutical Co. LTD**

Beijing Huawei is a pharmaceutical company established in 1992, and has cooperated with many domestic companies in China and Japanese pharmaceutical companies, and has had good sales performance in the Chinese market. The main products sold include children, pain, immunity, anti-cancer drugs, anti-infective drugs, etc. Beijing Huawei has a sales network covering all major hospitals in China.

### **About The National Reimbursement Drug List (NRDL)**

The NRDL is a list of drugs that are fully or partially reimbursed by public insurance for eligible patients, and is nationally approved with the aim of providing basic medical insurance to China's 1.4 billion people.

**Forward-Looking Statements**

*This announcement contains forward-looking statements. These statements are based on expectations in light of the information currently available, assumptions that are subject to risks and uncertainties which could cause actual results to differ materially from these statements. Risks and uncertainties include general domestic and international economic conditions such as general industry and market conditions, and changes of interest rate and currency exchange rate. These risks and uncertainties particularly apply with respect to product-related forward-looking statements. Product risks and uncertainties include, but are not limited to, completion and discontinuation of clinical trials; obtaining regulatory approvals; claims and concerns about product safety and efficacy; technological advances; adverse outcome of important litigation; domestic and foreign healthcare reforms and changes of laws and regulations. Also for existing products, there are manufacturing and marketing risks, which include, but are not limited to, inability to build production capacity to meet demand, lack of availability of raw materials and entry of competitive products. The company disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise.*
